VISCOFAN TRANSFER CASINGS

A single step imparts Flavor and Color for Added Value

Enhancing your products with a variety of flavors and colors

ADDED VALUE

Imparting consistent smoke flavor and color to existing formulations for meat, poultry, seafood, plant-based products and cheese.

TAILOR MADE

We provide a variety of different products and formats with our extensive range of color hues and savory and smoke flavors.

FOOD SAFETY

More hygienic processing by avoiding steps and minimizing risk so product safety will be increased.

COST SAVINGS

Advanced technology for a cost effective alternative to conventional smoking, or frying and for avoiding weight loss for yield gains.

TIME SAVINGS

A faster and easier production process, during stuffing, cooking and peeling.

ENERGY SAVINGS

Eliminating multiple processing steps increasing your operational efficiency.
