Cellulose casings

Viscofan small caliber cellulose casings combine high elasticity with an extremely consistent caliber. They are permeable to flavours and colours as intended during the smoking process, but are impermeable to other unwanted aromas. With their excellent peelability troublefree industrial processing is guaranteed.

Viscofan big caliber cellulose casings are permeable tubes made of regenerated cellulose. The transparent, high-gloss properties, coupled with brilliant printing make your products highly merchandisable. The clarity of these casings is visually appealing and allows the consumer to see the actual product. Depending on the casing properties, cylindrical or oval shaped products can be achieved.

Air Dried Salami · Beef Stick · Beer Stick · Black Pudding · Bockwurst
Bologna · Bratwurst · Butchers · Fresh Cabanossi · Cervelat · Chorizo
Cooked Ham · Cumberland · Debreziner · En Cheong
Fermented Products in Nets · Fleischwurst · Frankfurter · Fresh HRI
Grillwurst · Ham Sausage · Hard Salami · Hot Dog · Hungarian Salami
Krakovskaya · Ku Chien · Knackwurst · Landjäger · Longaniza · Lap Cheong
Lenki Makkarra Linguisa · Liver Sausage · Lyoner · Meat Roasts · Meat
Roulades · Mini Salami · Netted Poultry · Netted Salami · Ostravska Pepper
Stick · Pepperoni · Peppersalami · Pork Loaf · Pølser · Salami Tipo · Milano
Smoked Ham · Snack Stick · Strasbourg · Teewurst · Varmkorv · Wiener

Cellulose casings

A safe option for all types of production systems and a wide range of applications. They allow productivity at the highest level, characterized by their caliber consistency.

Small cellulose casings are presented in sticks, always ready to stuff, which allows perfect adaptation to all stuffing systems. Cellulose casings are available in a wide variety of colours and with different number of stripes to facilitate the production and control processes.

- Uniform and consistent calibers to increase productivity.
- It allows high production speeds.
- Quick and easy peeling.
- High transparency and brightness that make your products very attractive.
- Cellulose casings can also make dry-cured sausages.
- Shadow print, an original way to highlight your products.
- Possibility of printing both sides to make your brand stand out.
- Big calibers available

Extra Long Lengths 55 cm

With our new "Marathon Line" sticks take your production yields to the next level and achieve higher footage per strand. Our **Marathon Line maximizes stuffing efficiency**, enhances productivity and ensures a high performance while offering uniform and consistent sizing.

Natural Origin Transfer Colour

For adding undeniable value to your products and avoiding extra steps as colour or smoke application. Let's make the cooking process less complex. A simplified technology to improve the sausage production in the meat industry.

Shadow prints

Shadow print is a printed casing with a limited permeability to smoke transfer. It works both with natural and liquid smoke. After the thermal and smoking process and peeling, the shadow of your design motto will appear as a lighter area on the surface of your hot-dog.

Small caliber cellulose casings

DESCRIPTION	COOKED	DRY/CURED	FRESH	CALIBER	COLOUR*	PROCESSING
SKINLESS For smoked and unsmoked processed sausages and also dry-cured sausages, for use on high-speed peelers.	✓	✓	✗	12-42 eur 13-44 eur	Transferable: red, smoke tone, orange, natural orange They are used to eliminate liquid smoke. Non-transferable: Blue, green, red orange, light smoke, dark smoke, crystal orange and premium metallic colours	Stuff directly without the need for soaking and respecting diameters and recommended conditions. The cooking temperature should not exceed 80°C.

*Fluorescent cellulose available

Smoking

A perfectly balanced transfer of smoke will give your product the perfect look by equal colour and smoke passage.

Stripes

Skinless casings are available with 3 to 4 stripes according to diameter. Multi zone and window are also available.

Printing

Viscofan Cellulose Casings can be printed in up to two colours. We offer a wide variety of colours for you to choose from. Prints which are impermeable to smoke are also available (shadow print).

Big caliber cellulose casings

DESCRIPTION	COOKED	DRY/CURED	FRESH	CALIBER	COLOUR	PROCESSING
<p>LC Offering unmatched properties. The casing characteristics go from optimum cylindrical uniformity, perfect elasticity up to highest adaptability.</p> <p>The uniformity is especially useful for non sliced products. It is the ideal casing for spreadable sausage made from raw meat, smoked and unsmoked products, small sectioned and formed meat-hams and fermented dry products.</p>	✓	✓	✓	34-60 mm	Transparent light mahogany red orange	<p>Stuff directly without the need of soaking and respecting diameters and recommended conditions.</p> <p>Suitable for fully automatic filling and clipping machines.</p>
<p>C-CASINGS The perfect solution for larger size requirements such as cooked, smoked or unsmoked sausages (salami).</p> <p>Having lower elasticity, these casings allow uniform cylindrical products.</p>	✓	✗	✗	60-100 mm	Transparent blush	<p>Soak in clear water.</p> <p>Suitable for fully automatic filling and clipping machines.</p>
<p>DELI Adaptable and flexible during stuffing which permits the casing to form around the product producing a natural oval shape.</p> <p>Well suited for large diameter cooked, smoked or unsmoked products (mortadella, semi boneless hams, pork shoulder picnics).</p>	✓	✗	✗	100-230 mm	Transparent	<p>Soak in clear water.</p> <p>Suitable for manual filling and clipping.</p>

Smoking

A perfectly balanced transfer of smoke will give your product the perfect look by equal colour and smoke passage.

Cooking deli

A perfectly balanced transfer of smoke will give your product the perfect look by equal colour and smoke passage.

Storage

Store the Big caliber Cellulose Casings cool and dry. Shirred casings must be stored in original packaging to avoid moisture loss.

Clipping

Our Big caliber Cellulose casings can be clipped. Please check with Technical Service for more information.

Printing

Big caliber Casings can be printed on both sides with one or two colours.

Not every caliber/colour combination is available. Please ask your country's distributor for the corresponding data sheet for detailed information. All data published corresponds to our present state of knowledge and is published without any liability. Viscofan reserves the right to make alterations and supplements as technology progresses.
